

Material:	SS003C
Material description:	leather (leather, leather, leather, leather, leather, leather). leather, leather, leather (leather, leather)
Material:	1. Material specification. (ASTM F2413-05 M I / 75 C / 75, CE ENISO 20345, leather)
	2. Material specification.
Material: (Material)	1. Material specification. (ASTM F2413-05 M I / 75 C / 75, CE ENISO 20345, leather)
	2. Material specification
Material:	PU leather material.
Material:	leather material
Material:	CAMBRELLA (leather, leather)
Material:	leather
Material:	welting
Material:	6
Material:	4-12 (38-46)
Material:	5, leather
Material:	leather, 10
Material:	65x48x36cm
Material:	2,600 / 1X20' 5,200 / 1x40'

Material description:

- 1) OEM material: leather material
- 2) Material: welding, leather, leather
- 3) Material: leather, leather, leather
- 4) Material: 6, leather
- 5) Material: leather, leather
- 6) Material, leather, leather requirement
